$$\text{Variation} = \text{Crisp} - \left(\frac{1}{2} \times \text{aqueous} - \text{BQ} - \text{intermediate} \right) \times \text{oxidation resist.}$$

The condition of the sugarcane crop is satisfactory in all plantations outside Pinar del Rio and parts of South Asia, where the crop suffered from drought in some areas. The recent rains have, however, improved the condition of the crop in some degree in the South Asia district. The yield per acre can be expected to be normal in the other districts of the Province if the season continues to be favorable.

STATEMENT OF OBJECTS AND REASONS.

Proposals have been made from time to time by the Madras Medical Council, for the amendment of the Madras Medical Registration Act, 1914 (Madras Act IV of 1914). The Government have carefully examined these proposals in consultation with the Madras and Andhra Universities in regard to the amendments concerning them, and the present Bill is a result of this examination.

The scope of each of the amendments is explained in detail in the notes on clauses below.

NOTES ON CLAUSES.

Clause 2.—Clauses (a) and (b) of section (5) (1) provide for the election of members to the Madras Medical Council by the Academic Councils of the Madras and Andhra Universities from among the members of their respective Faculties of Medicine. The Madras Medical Council has suggested that, in each case, the member should be elected by the Senate of the University instead of by the Academic Council, on the

providing that such an amendment will bring the Madras Act into line with the Indian Medical Council Act, 1933. The clause gives effect to this suggestion.

Clause 2.—This clause provides that if a person elected to the Madras Medical Council by the staff of any of the three Medical Colleges ceases to be a member of such staff, he should vacate his seat on the Council on the expiry of three months from the date of such cessation or on the election of his successor, whichever occurs earlier.

Clause 4.—It is considered desirable to provide for the constitution of an Executive Committee of the Council, and for the exercise by such Committee of such of the powers and duties of the Council as may be delegated to the Committee with the previous sanction of the Government.

Clause 5.—The main income of the Medical Council is derived from the fees levied by it for the registration of medical practitioners. A fee of Rs. 15 is now being levied from each practitioner who applies for registration. The income obtained is hardly sufficient for the expenses of the Council. It is therefore proposed to raise the fee from Rs. 15 to 20.

Most Provinces now levy a fee of Rs. 5 for the registration of practitioners registered in this Province. Provision is now made for the levy of the same fee in this Province for the registration of practitioners registered elsewhere in British India.

It is also proposed to levy a fee of Rs. 5, where the registered practitioner applies for registration under a new name.

Clause 6.—This clause closely defines the functions of a committee of the Council making an inquiry under section 13 or section 14. It has been provided that the committee should make a report to the Council and that the Council should pass orders under the relevant section.

Clauses 7 and 8.—These make merely consequential changes.

(By order of His Excellency the Governor)

P. APPU NAIR,
Secretary to Government, Legal Department.
